District Attorney King
1420 Webster Ave.
Eau Claire, WI 54701

Dear District Attorney King:

In consultation with the Eau Claire Judiciary, Eau Claire County Administrator, and the Eau Claire County Sheriff, who is responsible for courthouse security, your access to the Eau Claire County Courthouse and District Attorney's Office will still be provided, but under the following circumstances.

- 1) Your badge access to other areas of the courthouse not a part of the District Attorney's Office has been restricted/deactivated.
- 2) When you enter the Eau Claire County Courthouse, you will need to access the courthouse in the manner the public does, by going through a public entrance during the courthouse open hours and going through the security checkpoint if you choose to access the second-floor area.
- 3) Your key access to the District Attorney's Office will still be active and allowed.

This will allow you access to the District Attorney's Office during regular working hours of the courthouse in order to fulfill Eau Claire County's requirement of providing office space to the district attorney for the county.

Sincerely,

Kathryn Schauf
County Administrator
