Subject: [EXTERNAL] Touching base on finalist phase

Hello Michael,

We are looking forward to connecting with the committee tomorrow to share our progress and to review the next steps in the search process. Margo has done a masterful job communicating with the committee and at this point everyone should have access to the portal and the meeting materials.

There is one important question we would like to pose to you before the meeting. We are thrilled to see strong interest in the role from national leaders, but two in particular have been very clear that they can only engage in the search if there is a possibility that naming one finalist is a viable option. They would not be able to accept a finalist invitation if they were one of 2, 3 or 4. Would you like us to hold back these two candidates when we review profiles with the committee tomorrow or would you like us to engage the entire committee in the conversation about the finalist numbers?

Thanks in advance for your thoughts.

Best,
Shelly, Kenna and Tom
